

To all the residents in Lake Forest Community:

I am overwhelmed by the many kind words and extreme generosity you showed for my upcoming retirement. I cannot begin to express how much this means to me. I can only say THANK YOU from the bottom of my heart.

I love my job and a big part of that is delivering to your community and the many friends I have made along the way. I have enjoyed visiting with each of you and chatting about our families, current events and whatever else came to mind. And I'm very grateful that me and all the precious dogs in the neighborhood are on friendly terms too.

Thank you again for your thoughtfulness. It is truly appreciated and will be a highlight from my 50+ years as a letter carrier.

Your letter carrier,
Herman Butler

P.S. Maybe I'll see you at the next car show.
